Senator Nick Sherry
Minister for Small Business
Parliament House
CANBERRA ACT 2600

Dear Minister

Re: CoSBA's SMALL BUSINESS POLICY POSITION

Please find attached a copy of CoSBA's Small Business Policy Position launched on 23 August 2011, that sets out our policy statements on various important issues that affect small business in Western Australia.

The policy statements set out in the document are not an exhaustive set of statements that address all issues affecting small business, but are intended as a "line in the sand", to which further policy statements will be progressively added and published.

Additionally, the statements are not intended to be "set in stone", but are "living" statements that shall be amended to address changing and new government policies having an affect upon small business from time to time.

We trust you will accept our policy statements a reflection of the views of small business in Western Australia and find them useful to your Government's decision making on issues that affect small business.

Yours faithfully
