Dear Sir / Madam

**NOTIFICATION OF IMPENDING INFORMATION SESSIONS REGARDING
NATIONAL TRADE MEASUREMENT LEGISLATION**

The Western Australian Trade Measurement Branch will be transferring from the Department of Commerce to the National Measurement Institute (NMI) on 1 July 2010. The NMI will assume responsibility of administering trade measurement laws nationally from this date.

The NMI will soon be holding information sessions for stakeholders and accordingly you are invited to attend the sessions planned for Perth on the 25th February 2010.

Information relating to venue locations, times, and registration forms can be sourced directly from the NMI website at www.measurement.gov.au in the coming week, where interested parties can register their attendance.

Please feel free to contact our office should you have any questions regarding the above information.

Yours sincerely

Doug Berry
Manager
Trade Measurement WA
